Building

Overview:

The Levy County Building Department is committed to providing the best service for the residents and contractors in the County during the permitting and building process and staying up to date on Building Code and Florida Statues as changes are made. The Building Department is responsible for inspecting all building to make sure that the building complies with code and life safety regulations.

FY25/Recent Accomplishments:

The Building Department was able to reduce some of its permit fees while at the same time add a penalty fee on unpermitted structures being moved into the County illegally. Through these changes the Building Departments budget should balance more in line with minimal carry over from one year to the next.

FY26 Goals:

The Building Departments goal moving into the next year is to have the new Development Office completed and moved into. Continue to build the Building Department in ways to be more consumer friendly. We will continue our push to reduce our needs for paper, provide more training for inspectors, plan reviewers, and office staff, and to continue to build relationships with our community and builders.

Code Enforcement

Overview:

The Levy County Code Enforcement Department has three officers and one administration support person assigned. The Code Enforcement Department is committed to providing fair and impartial enforcement of codes and ordinances enacted by the county. The Department provides a comprehensive inspection system to ensure that property in the unincorporated area meets certain standards under the County's Code of Ordinances. It handles complaints concerning nuisances such as inoperable vehicles, trash on lots, building without permits, and unauthorized land uses. It is responsible for investigating all complaints within the County jurisdiction and managing violations throughout the enforcement process until compliance is met. Code Enforcement enforces violations through a Special Magistrate, whom issues orders having the force of law to command whatever steps are necessary to bring a violation into compliance. Code Enforcement can also use the County Judicial system as a method of enforcement by utilizing a progressive citation approach for violations that fail to meet compliance standards. Code Enforcement processes Property Lien search requests for property transferring ownership within the unincorporated Levy County.

FY25/Recent Accomplishments:

Code Enforcement branched off from the Building Department and is now its own department. Hired one additional Code Enforcement Officer and one Administration Support. Allows for three active Code Enforcement Officers on the road and allows for quicker response times to submitted complaints. Transitioned to a sector approach for Code Enforcement Officers and cases. Reduced road time for case management, builds better rapport with both complainants/violators and creates more consistency on compliance plan enforcement. Re-engaged the County Judicial system for code violation citations to allow for more flexibility when working with citizens and gaining compliance on properties. Opened up dialog with Bullock Law Firm to find strategies to foreclose on property with open cases and unpaid liens. Worked with the Grants Coordinator on preparing a Code Enforcement Grant to help remove unsafe and/or abandoned home sites that are throughout Levy County. Worked or working one hundred seventy-seven cases with twenty-seven of those cases closed. Twelve properties went to the Special Magistrate for uncured violations. Code Enforcement completed four hundred eighty-five lien searches to date this fiscal year.

FY26 Goals:

As a new department; learn and manage the new budget and department process without creating any shortfalls. Put together a budget proposal for an option of bidding out clean-up projects for immediate results and filing liens for payment on properties rather than daily fines adding up to potential foreclosures. Create a process to foreclose on unpaid liens; daily fines continue to add up and no progress or effort is made towards compliance on properties. Streamline a cradle to grave code enforcement process incorporating new Open.gov program. Reduce the compliance time given to violators in order to gain compliance or initiate enforcement proceedings. Stay engaged with the development of the new Comprehensive Plan making sure new language and processes are enforceable.

County Manager

Overview:

The County Manager position was established by the Board of County Commissioners on August 6, 2024. The County Manager is responsible for delivering a form of county administration that ensures the adequate and efficient provision of services to county residents, while also coordinating the administration of county departments to better protect the health, welfare, safety, and quality of life of county residents.

The County Manager is tasked with a multitude of details that necessarily arise from the operation of a county as a unit of local government, thus enabling the Board of County Commissioners to perform its fundamental intended purpose of making policies within the framework of applicable law without unnecessary interruption. Furthermore, the purpose of the County Manager position is to provide a structure for the economic and efficient conduct of county affairs by making the county manager responsible for handling all matters necessary to accomplish and bring to fruition the policies established by the board

FY25/Recent Accomplishments:

- The County was impacted by three hurricanes during this year – Debbie, Helene, and Milton. These storms had significant impacts on county operations before, during, and after the storm. Areas of focus included citizen assistance, debris removal, and damage to county infrastructure, among other priorities.
- Following the BoCC’s approval of the new organizational structure on February 4, 2025, the County Manager worked with the Human Resources Division to implement an updated organizational structure. Benefits of this new organizational structure include the following, and are already starting to benefit the county:
 - o Enhanced Accountability: The County Manager’s Span of Control is reduced from 19 Department Directors to now 10 Division Directors. Each Division Director has a span of control of four or fewer Departments, thus allowing for increased supervision.
 - o Improved Efficiency: Departments are grouped into Divisions to facilitate improved communication and increased efficiency through interdepartmental collaboration.
 - o Updated Structure to Meet Current Needs: The new structure establishes a Fleet Division with a more forward-facing, county-wide role in acquiring, managing, and maintaining all county vehicles.

FY26 Goals:

- To remain within budgetary constraints while delivering an exceptional level of service to the residents of Levy County.
- To continue to improve transparency and communication between the Board of County Commissioners and the residents of Levy County.

Grants

Overview:

To strategically secure and manage grant funding while fostering strong legislative relationships that advance the county's priorities by serving as a critical bridge between divisional needs, funding opportunities, and policy initiatives—ensuring transparent, compliant, and impactful outcomes championed through innovation, accountability, and collaboration to deliver resources that support long-term growth and resilience.

FY25/Recent Accomplishments:

Successfully managed and closed out the \$608,350 Resilient Florida Vulnerability Assessment (VA) Grant, positioning the county to secure the subsequent Adaptation Grant and strengthening future competitiveness under the Resilient Florida Program. Actively engaged with multiple stakeholders to advance RESTORE Act initiatives, including the release of a \$2 million RFP for oyster restoration and the development of a stakeholder newsletter to enhance transparency and engagement.

Amended the State of Florida Small Consolidated Grant to secure \$111,153.27 and leveraged strong relationships to submit a \$100,000 Hazardous Waste Grant draft proposal and a \$150,000 Recycling Partnership grant application. Provided critical support to Solid Waste facility upgrades, including the tipping floor project.

Identified and pursued new funding opportunities for Animal Services, including nomination for the Lowe's Hometown Grant and advocacy for a new facility. Led Library Services initiatives by developing a \$3,000 Florida Humanities grant, expanding Free Little Libraries countywide, and submitting a \$150,000 application for makerspaces to increase community engagement.

Supported the Housing Department's strategic initiatives by advancing a \$750,000 CDBG application, building strong partnerships with HUD and Florida Commerce for future opportunities. Strengthened Parks and Recreation efforts by submitting a \$50,000 grant proposal for ADA-compliant playground improvements at Bronson Blue Springs and securing six letters of stakeholder support.

Transitioned budgeting and procurement processes through strong partnerships with Aclarian and DemandStar, modernizing task management, bid oversight, and grant tracking to increase efficiency and transparency. Maintained legislative awareness through participation in Liberty Partners meetings, securing a Rural County Days grant, and representing the county's interests in Tallahassee.

Conducted a comprehensive State of the County review, meeting individually with departments to assess future needs, building a centralized funding database, and identifying future grant opportunities. Successfully evaluated and discontinued AmpliFund software, saving the county \$15,000, and supported BoCC initiatives through promotional outreach and event planning.

FY26 Goals:

Focus will center on expanding grant acquisition and enhancing grant management and compliance through the implementation of Aclarian software for task tracking and project oversight. A key priority will be to foster collaboration with internal divisions and departments to develop innovative, resilient, and sustainable funding strategies that align with the county's established priorities. An in-depth, maintained grant funding opportunity tracker, cataloging key grants, deadlines, eligibility criteria, and grantor contacts to offer proactive strategic development to prepare for both current and future opportunities.

Efforts will include establishing and strengthening rapport with grantors to support long-term funding success, thoroughly researching all grant possibilities with a commitment to transparency. Quarterly deliverables will include comprehensive reports to the Board of County Commissioners, detailing awarded grants, submitted applications, program impacts, and future funding needs. Additionally, oversee special projects to support the marketing and promotion of county priorities, ensuring alignment between public messaging, legislative initiatives, and funding pursuits.

Public Safety

Overview:

It is the Mission of the Levy County Department of Public Safety to preserve life and property, promote public safety, and foster economic growth through leadership, management, and actions as an all-risk life safety emergency response organization. This shall be accomplished through innovation, teamwork, and outstanding customer service with prudent utilization of public funds. The Department operates a comprehensive emergency response organization embracing new technologies and techniques to provide the highest level of service in a professional manner.

FY25/Recent Accomplishments:

We have continued to provide the best possible care for the citizens and visitors of Levy County while working to stay within our budgetary constraints with increased call volumes. We have been able to maintain 100% fulltime staffing levels, reducing OT needs while also providing training opportunities to staff including firefighter training and paramedic school, enabling members to provide an increased level of service.

FY26 Goals:

We will continue to remain fiscally responsible while providing the best possible care for the citizens and visitors of Levy County; services will remain steady, if not increased. We will seek additional grant opportunities to assist in increasing the level of service provided. The funding model will be updated and it is expected that modernized equipment such as heart monitors and stretchers will replace previous models allowing us to continue to fulfil our Mission. In addition, our fleet replacement program will transition to a remount program which will reflect overall cost savings. Our largest project, updating the radio communication system is expected to be finalized and will offer better functionality throughout the County.

Road & Bridge

Overview:

The Levy County Road/Bridge Department is responsible for maintaining public roadways and associated infrastructure throughout the county. This includes road grading, mowing, tree trimming, signage, trash removal, bridge maintenance, and culvert repairs. The department operates its own paving equipment and a lime rock mine, enabling cost-effective and timely maintenance of public rights-of-way. Additionally, the department manages driveway permit inspections and oversees permits related to work within the public right-of-way. In collaboration with the County Engineer, Planning Department, Building Department, and Code Enforcement, the department ensures safe, efficient infrastructure services for the citizens of Levy County.

FY25/Recent Accomplishments:

- Launched the fiscal year by removing extensive vegetative and construction debris countywide. Debris was staged at the FDEP-approved Camp Azalea Satellite Solid Waste site and safely burned with assistance from the Forestry Department.
- Initiated repairs on damaged county infrastructure, including boat ramp parking lots, road sections, and a bridge approach, in collaboration with the Parks and Recreation Department.
- Replaced several flood-prone culverts to improve drainage and roadway stability.
- Implemented a new mowing procedure requiring trash collection ahead of mowing operations, resulting in cleaner and more effective right-of-way maintenance.
- Successfully completed multiple state-funded grants for the widening and resurfacing of key county roads.

FY26 Goals:

- Maintain county roadways and infrastructure efficiently while operating within budget constraints.
- Continue to pursue state and federal grant opportunities to support infrastructure improvements.
- Support ongoing operations through timely provision of materials and equipment.
- Strengthen interdepartmental coordination to deliver safe, high-quality services to the public.

Solid Waste

Overview:

Levy County Solid Waste Department operates as a Class III landfill and transfer station, where construction and demolition debris can be disposed of safely and with less effect on the environment and where a wide variety of waste, including household, non-recyclable, and non-hazardous garbage, can be dropped off and then transported to a secure landfill in Raiford, FL. Additionally, the department has a recycling center for paper, cardboard, aluminum cans, paint, oil, and household hazardous waste, as well as separate areas for metal, brush, and waste tires.

FY25/Recent Accomplishments:

We successfully navigated Hurricane Helene and Hurricane Milton. Our department employees worked numerous hours and days, including 16-24 hour shifts, to remain open for all hurricane debris from around the county to be disposed of. We were also able to secure a new loader to be used, making the work day more efficient.

FY26 Goals:

Our next fiscal year goal is to open the Class III trench so we can continue to take incoming debris. Also, we hope to replace the tipping floor in the transfer station, insuring safety and effectiveness in the building.

Tourism

Overview:

The Levy County Visitors Bureau and Tourist Development Council oversees the promotional development and marketing of Levy County as a vacation destination. These marketing efforts develop economic stability resulting from visitor related revenues. The goal of the Levy County Visitors Bureau is to generate visitation to Levy County and there by generate tax revenues, including but not limited to fuel taxes, sales tax and tourist development tax. The Levy County Visitors Bureau works directly with the municipalities, area chambers, and local businesses to promote and protect our valuable vacation brand-Levy County, Florida’s Nature Coast.

FY25/Recent Accomplishments:

Levy County Visitors Bureau and Tourist Development Council have recently completed the Cedar Key Clam Trail, a VISIT Florida Recovery Campaign valued at \$160,000 for the coastal communities in Levy County, North Florida Bike Trails Map and Website Project, attended Rural County Day to lobby for Levy County, attended Florida HUDDLE for international travel marketing, and started the Chiefland Watermelon Trail.

FY26 Goals:

Levy County Visitors Bureau and Tourist Development Council plan to complete the Chiefland Watermelon Trail and establish the Williston and Yankeetown Trails, creating the Levy County Agri-Tourism Trail. We also plan to expand the Cedar Key Clam Trail by four additional clam sculptures. The trails will have maps and website pages the feature the information as well. We are also looking into information Kiosks to help distribute information to guests.

The Levy County Visitors Bureau is a resource for marketing local tourism oriented businesses and groups.

Transit

Overview:

Levy County BoCC is the Community Transportation Coordinator for the County. Levy County Transit is the county department that provides Non-emergency, door to door transportation services to the general public in Levy County. The department strives daily to provide a clean, safe, comfortable and dependable transportation to those that utilize the service. Trips provided include medical, educational, recreational, shopping, legal, nutrition, social, and employment. The department provides trips daily Monday – Friday, and weekends where a holiday such as Thanksgiving or Christmas has a 2 day holiday. The trips provided on the weekend are for dialysis patients, only. The department also, is the provider of all county evacuations, during an emergency event. This department solely relies on grant funding to provide services and purchase capital equipment. There are no general revenue funds used from the county.

FY25/Recent Accomplishments:

With 5 full time drivers, 10,993 trips to date have been provided to residents within the county. The number of miles driven to provide the trips is 213,122. No accidents during this reporting period.

FY26 Goals:

Maintain level of service, but provide additional trips. It is always the goal of the department to exceed the number of trips provided each year. When ridership increases, this allows the department to apply for additional funds through grants. Increase outreach of the transportation services by distribution of services through social media platforms, and increasing participation in local county events.

Construction to begin and be completed on the addition of the maintenance shop, paving for additional parking and vehicle parking area to be completed, order and receive maintenance equipment needed for the new maintenance shop, complete offices on east side of building, and move 3 offices to the east side and move 2 additional offices from the rear of the current location to the front of the building.

The completion of the maintenance shop will move all repairs and maintenance of transit vehicles to new shop. This will help the mechanic to be more efficient.
